Subject: Need info about abortion complication reports

Hello,

During the past 2.5 years, there have been many ambulance visits to the Planned Parenthood abortion facility in Ann Arbor (3100 Professional Dr.) on abortion days.

As a concerned citizen, I would like to make sure that the above abortion clinic is following Michigan law (Act 208 of 1999, being MCL 333.2837) in reporting abortion complications within 7 days. I therefore request, under the Freedom of Information Act, **copies of all Abortion Complication Reports (form DCH-0819a) filed in Washtenaw County within the past 5 years.** These reports are sent to the Division for Vital Records and Health Statistics with attention to the Data Management Unit.

Since these reports do not contain any patient information, there should be no HIPPA restrictions in sending this information.

Thank you.
